# How do you measure a year?

How do you measure a year? Perhaps you are one of the 237 new donors we welcomed to The Foundation in a matter of 365 days. You might be behind one of the 6,292 total gifts received throughout the 12 months, to support excellent patient centered care for your neighbors, friends, and family. You may also be part of the \$4.4 million (and counting) in generous contributions to Transform Transitional Care for your community hospital. Last year could be measured in countless ways but, at The Sheridan Memorial Hospital Foundation, we measure the year in infinite gratitude.

# Equipment

One of the most tangible ways you support our staff, patients, and SMH is through equipment updates and purchases. Philanthropy continues to fund important projects for Sheridan Memorial Hospital and ensures everyone in our community receives needed care. Equipment purchases made this year support patient safety, faster turnaround time for physician diagnosis, and improved technology and additional capacity to provide the care our community has come to appreciate and value. Funding the past year has been given to make purchases in Surgery, Internal Medicine, the Heart Center, Griffith Emergency Department, the Intensive Care Unit, and the Cardiac Cath Lab.

# Education

The Foundation's successful Clinical Educational Endowment was initiated in 2003 with private donations. The goal of the program has remained the same throughout the years: to strengthen and ensure excellent patient-centered care for our patients and their families. The endowment continues to grow and evolve with new gifts. This year The Foundation's Cato Scholar Award was presented to Miranda Cone, a second year nursing student and LPN at SMH. Additionally, 27 clinical scholarships were awarded to remarkable, deserving hospital staff members who all strive to better themselves and the experience for patients at Sheridan Memorial Hospital.

# COVID-19 Community Support

We live in extraordinary times, and our community is cared for by over 1,000 dedicated healthcare workers in our local doctors' offices, clinics, and at Sheridan Memorial Hospital. We are fortunate to be cared for by so many hometown healthcare heroes, with such a wide array of talents skills and expertise. After local attorney Deb Wendtland saw the moving SMH video asking our community for its help in supporting efforts to wear a mask, she was inspired to help and support our community's frontline healthcare staff. Deb went to work with her close friend Julie Gerlach to raise funds and support our community. By November 30, more than \$30,000 in gifts were made to tangibly tell our local healthcare heroes thank you and bring joy to them. These dollars provided local food, gifts, and holiday cheer distributed to our hardworking staff throughout a "12 Days of Christmas Kindness" event.

# Transforming Transitional Care

An ambitious community goal: \$4.4 million in eight months. That is \$4.4 million toward an \$8 million expansion that will ultimately Transform Transitional Care at your community hospital. The ambition, the need, the passion, the call to action are always met head on by the generous donors who also believe in excellent healthcare, right here at home. Thanks to you, since July 1, work has been under way on transforming the Transitional Care Unit (TCU), a recuperative and supportive place for patients to heal following an injury, surgery, or serious illness. You have made possible a more dynamic environment for our care team of nurses, doctors, and therapists to manage transitions and help you or your family member regain a level of independence for a safe return home. We look forward to caring for our local and regional patients when we open the 20 private-suite Transitional Care Expansion to this community in the summer of 2022.

# Events

We are grateful for your flexibility as we planned and coordinated safe events to support vital programs at Sheridan Memorial Hospital.

In October 2020, we embarked upon our first virtual Link – Partners in Pink. With the outstanding support from every sponsor, team, business event, and participant, an astounding \$56,000 was raised, which now benefits the Welch Cancer Center Comfort Care program. Proceeds will assist with the special needs of our patients who are going through cancer treatment, as well as their families. Cancer education and prevention resources, along with the comfort and healing for our cancer patients, are now more accessible to our community, because of the amazing and caring people who chose to participate and make the difference for patients right here at home.

On Friday, July 2, over 100 golfers and hospital volunteers gathered to raise awareness and funds for patient-care programs at The Foundation's 12th Annual Golf Tournament. This year's event was a huge success, with our participants, sponsors, and donors raising more than \$17,000 for the Transitional Care Expansion campaign. It is thanks to generous contributions, such as those raised here, that Sheridan Memorial Hospital continues to drive forward in providing excellent patient-centered care for everyone.

# Corporate Sponsors

In 2021, Community Businesses, Foundations, and Leaders committed to a yearlong partnership with our organization. Contributions go toward supporting healthcare for our community. Below you will find our Platinum and Gold Sponsors for the The Foundation.
