Contract Total: \$ 368,700

(total does not include any Optional or Alternate components which may be selected)

+ \$30,000 CONSTRUCTION COSTS

Proposal valid until 09/15/2023

Estimated Delivery Date: December 5, 2023

Estimated delivery date is subject to change based upon factory lead times, acceptance date of this quote, customer site readiness, and other factors. A Siemens representative will contact you regarding the final delivery date.

This offer is only valid if a firm, non-contingent order is placed with Siemens and a signed POS contract must accompany the equipment order.

Pricing in this Quotation is contingent on Customer accepting Delivery of the Product prior to 180 days from date of order execution.

This proposal includes the trade-in of equipment referenced in Trade Sheet Project # 2019-1844.

The biomedical educational offering in this quote must be completed by the later of (12) months from purchase of training or if applicable, completion of installation. If training is not completed within the applicable time period, Siemens obligation to provide the training will expire without refund.

TYPICAL ROOM PLAN

The intended use for this Cut Sheet is to communicate the spatial requirements as well as the basic architectural, electrical, structural, and mechanical requirements for this piece of imaging equipment. The information provided in this document is for reference only, during the pre-planning stage, and therefore does not contain any site specific detailed requirements. This information is subject to change without notice. Federal, state and/or local requirements may impact the final placement of the components. It is the customer's responsibility to ensure that the final layout and placement of the equipment complies with all applicable requirements.
