Re: Low – Foundation Director of Philanthropy Announcement
Date: October 12, 2023

Please join me in welcoming Liz Dearcorn as our new Director of Philanthropy. Liz grew up in Sheridan and after earning a degree in Professional Communications from Rocky Mountain College in Billings, MT, she returned to Sheridan to raise her family. Liz's leadership and passion for her hometown make her a perfect fit for this new role and The Foundation team. As the Director of Philanthropy, Liz will work alongside our Director of Donor Relations – Ada Kirven, to strengthen and build relationships with our partners and donors. This addition allows for our Foundation team to highlight the work you all do and support the excellent patient-centered care you provide to our community.

Liz is respected throughout the community and possesses a thorough knowledge of Sheridan and the surrounding communities through her experience in banking and real estate. She will provide a critical boost to The Foundation's efforts to connect with our growing community in support of the healthcare needs of our family, friends, and neighbors.

Liz will be in our Foundation Office in the basement, across from the department mailboxes, and can be contacted directly at elizabethdearcorn@sheridanhospital.org or ext. 4435. When you see Liz around the hospital, please welcome her to SMH!
