Professional Summary

Compassionate physician, currently completing three years of residency. Hard working and passionate about internal medicine. Reliable and able to communicate with patients and families, as well as other medical providers.

Work Experience

Northwell Health-Mather Hospital / Internal Medicine Resident
July 2021- June 2024, Port Jefferson, NY

RJ Medical and Urgent Care / Externship
January 2019 - February 2019, Brooklyn, NY

Spent 4 weeks in Urgent Care/Internal Medicine (inpatient/outpatient) under supervision of Dr Shakeel Usmani. Performed history and physical examination as well as formulating an assessment for each consult.

Saint Joseph's Hospital; Houston Northwest Center / Internship
November 2018 - December 2018, Houston, TX

Spent 4 weeks in Urgent Care/Internal Medicine (inpatient/outpatient) under supervision of Dr Anand Balasubramanian. Performed history and physical examination as well as formulating an assessment for each consult. Also performed depression screenings for elderly patients and discussed advance directives with patients. Assessed patients with substance abuse disorders.

Volunteer Experience

Red Cross / Red Cross Donor Ambassador & Screener
May 2020- May 2021, Manchester, NH

Volunteers at the Red Cross ensure donors have a satisfying experience both by guiding donors and by answering their questions. Volunteers also

screen donors.

Shifa Girls Soccer and Basketball Team / Team Player
December 2013- December 2018, Islamabad, Pakistan

Elliot Hospital/ Volunteer
April 2010- April 2011, Manchester, NH

Volunteers were in charge of transporting patients on discharge as well as providing assistance to patients on the medical floors. Volunteers also changed bed linen in rooms of patients and re-stocked local utility closets with fresh linen.

Education

Shifa College of Medicine / M.B.B.S
December 2013 - January 2019, Islamabad, Pakistan

Manchester Central High School
August 2010 - May 2013, Manchester, NH

Research Experience

CoronoNET Research Project
May 2020- May 2021 Manchester, NH

Database on government responses to the coronavirus. Each research assistant is allocated to countries/cities around the world. Responsibilities include updating policies onto the database weekly.

Brigham and Women's Hospital/ Research Trainee
March 2020- May 2021, Boston, MA

Clinical and translational research with Dr Edy Kim, MD., PhD. Worked remotely and in person with lab members in extensive chart reviewing and analyzing data.
